

Safer Salinas

It's Where We Are Going

Safer Salinas is a vision and mandate of the Salinas United Business Association (SUBA). As one of SUBA's business improvement district (BID) initiatives, Safer Salinas will put in motion a set of prevention-oriented, community-based strategies aimed at making the City of Salinas a safer place for our businesses, residents, and visitors. The strength of this movement comes from a partnership between local government, various public agencies, the private sector, and the community. Safer Salinas is a movement – a well-planned process of change involving the work of public-private partnerships and the mobilization of other resources that exist in our community. Safer Salinas – It's where we are going!

Salinas United Business Association (SUBA)

Our Business. Our Community. Our Pride.

Nuestro Negocio. Nuestra Comunidad. Nuestro Orgullo.

For more information, please contact the SUBA office or visit us on the Web.
